

Embodydance Community Council Meeting — 5/22/13

Attending: Ana, Alec, Deanna, Tom

Notes by: Lyric

Meeting commenced at 10:05

Consensus statement read by Ana

- 1. Event Checklist** – Received Scott's checklists **ACTION ITEM: Lyric to create master doc by next meeting**

- 2. Dance Culture: Safety in Space and Conscious Language describing Embodydance**
 - a. Volunteer culture – work/trade language.
 - b. Reinforce inner process / shamanic transformation
 - c. Defining it thought loses the essence of it
 - d. How do we let the sacred space come forth. Make it more ceremonial.
 - e. This or that language is exclusionary. Focusing in on what there is more or less of.
 - f. There is no requirement currently in our community to 'be educated' about the dance, warm-ups, or the journey of the dance
 - g. An impression is, this is a 'holding of space' and it amazing, convoluted, co-dependent junior high mix up of transformation. Different each time based on what any dancer decides to bring with them. If there is a model to be had; how do we give examples or parameters to 'how to enter into that open space.' Not how to define it, but for everyone to be an active participant in holding the open space
 - h. The facilitator could describe the journey from the beginning throughout the process. Setting circle, warm-up, refocus, and the dance.
 - i. The facilitator perhaps is a more amorphous position; perhaps we could place this into the coordinators hands. Perhaps there is some kind of standard statement – reiterating what is written on the board outside. Do it at the setting circle and again at the refocusing circle.
 - j. Have the greeter to ask (silently) people to read the statement as they enter the sacred space
 - k. Unsure as if 'sacred space' language will address the boundaries being respected issue
 - l. If we have the coordinator do it; it separates it from the facilitator being the one setting sacred space. The coordinator as "employee" makes it more 'official' to address very specific things

- m. Introduction of coordinator and having them speak to issues – makes it pointed and intentional
 - n. Offer a guideline on how one 'exits' the space or an engagement on the floor or how to avoid an engagement. How to have the 'yes' and the 'no' Both are equally allowed so one must be hypersensitive to where there is a 'no' or a 'maybe'. Maybe's are always to be viewed as 'no' – so please move on with your dance
 - o. ACTION ITEM: CC to work on statement of engagement over the next month to be printed/laminated for coordinators to read**
 - p. ACTION ITEM: Each CC member draft a statement addressing this and email group**

10. Meeting with Coordinators:

- a. Ana and Patrick are working on an agenda for this meeting. Important to add the statement as an upcoming thing coming down the pike
- b. Target date for meeting is within next two weeks**

11. Oneness blessings in the space after dance

- a. One CC member doesn't like it; it feels 'cultish' and doesn't like the vibe. Doesn't want it associated with the dance. These offerings were not cleared with the CC/Embodydance
- b. Where do we allow this sort of things? There have been similar types of things: astrology, tarot, etc. offered during circle and people engage as they will.
- c. It is very difficult to say what you can and can't say during circle
- d. Objection is that it is being done in the space
- e. Bodywork and energywork and other stuff always happens in dance; we can't regulate that
- f. Space is already closed because dance is done
- g. Does it interfere with tear-down? IF not, then some of us have no objection. But if it is, then it needs to go outside
- h. Also, the blessing is being 'gifted'

12. Facilitator honorarium increase

- a. Current is \$150. Budgeted for future was at \$160
- b. Amounts of \$175 and \$200 have been mentioned
- c. Can we afford it? Let's be reasonable.
- d. Without increasing dance donation we will still be holding even at the end of the year. At \$175 honorarium – we can absorb the extra \$120 a month and stay even
- e. Average warm-up/wave is around 7 hours + doing the dance (for Alec); Expense is new music and will often buy music for waves at average \$40/month (for Ana)
- f. Honorarium language important
- g. Add to webpage: employment and honorarium ACTION ITEM: Lyric to draft something**
- h. Proposal: Increase Facilitator honorarium to \$175 to begin June 1 CONSENSUED. ACTION ITEM: Lyric to draft a letter/language to**

facilitators – handling of present budget
